Dear Sir,

Greetings from Puducherry Development Party.

We had given many petitions to PWD to clean up the Sankarabarani River the only water reservoir for the villages around Villianur.

Water hyacinth has fully covered the river. We have been following the PWD Irrigation department to clean up the river for the past two years. But no action has been taken yet, saying shortage of fund.

Water Hyacinth would absorb the Oxygen from the water and make the river dry sooner. We are worried that our government is not taking steps to protect the existing water before the summer comes.

PL. HELP TO PROTECT WATER.

With Regards...

S. Baskaran
President
Puducherry Development Party
