Dear Madam,

Greetings.

This is to request an appointment to meet you in person to discuss about the Removal of Water Hyacinth from the rivers in Puducherry including Villianur Sankarabarani river where so much of Water Hyacinth has occupied the entire river surface to make the water dry.

We had given a petition to the PWD Irrigation department and it seems that they are helpless as there is shortage of funds. We must protect the available water before the hot summer starts in these rivers.

We sourced an equipment which removes this water hyacinth. The persons are coming from New Delhi on 6th Mar'17.

We would like to meet you with that team. Looking forward to hear from you mam.

Thank you.

With Regards...

S. Baskaran  
President  
Puducherry Development Party
